Why is it important to teach children the word of God?

No matter how you choose to teach the Bible, it is important to teach children the Word of God so that they come to know Christ as Savior and grow in their faith no matter what they face in life. When they know Christ by themselves it will be very easy for them to make right choices for themselves.

Why is it important to teach children about God?

A child's faith is only as strong as the God they believe in. For their faith to be great, they need to learn about their great God. If the God they are taught is diminished or distorted, their faith will follow suit.

The Bible say teach your children God's word?

God commands parents to teach His word to their children daily.

- **Isaiah 54:13:** "All your children shall be taught by the Lord, and great shall be the peace of your children."
- **Ephesians 6:4:** "Bring them up in the training and admonition of the Lord." It is Important for children to study the Word of God because it is our spiritual GPS for living a faithful Christian life. The Word of God tells us the do's and the don'ts of life; it gives us the rules that we must follow, but most importantly, it is the gospel: the good news of Jesus Christ.
- **Hebrew 4:11-13** tells us that the Word of God dissects and diagnoses the needs of the heart and points us to a solution. Paul, in **2 Timothy 2:15**, wants us to know a critical part of life is our handling and understanding of the Bible. **Psalms 119:9** shows us that if a young person lives their life according to the Word of God, they will keep their way pure.

Thanks for your support and prayers God bless you and may He extend His hand of Grace upon you and your family.
